13th June 2018

Dear Parent/Carer,

Annual Parents Survey 2018

Your views are very important to us and help us to better understand your experience of our school as we constantly strive to make Lealands even better.

Parents/carers complete a number of questionnaires throughout the year at parents' evenings and other events. The information from these is analysed carefully and used to inform developments.

However, the format of each of these questionnaires is slightly different and they are only completed by those who are able to attend these events.

I am, therefore, asking if you would be kind enough to complete a short questionnaire by following the attached link.

[YOUR PERSONAL LINK WILL BE AVAILABLE ON YOUR EMAIL]

We would very much appreciate it if you could complete this by Thursday 21st June.

We appreciate all your responses; good and not so good. Please try to base your responses on your general experience over time and not in relation to individual incidents. If you would like to discuss individual incidents, please contact the school in the usual way.

The questionnaire comprises of 15 statements for you to either agree or disagree with. In order to help guide your responses, we have included some bullet points of the sorts of things you can take into consideration when responding to each statement, although these are not an exhaustive list. Please respond with one overall answer for each of the 15 statements (you do not need to rate each bullet point separately).

If you disagree with any of the statements, we would appreciate a short explanation at the end of the questionnaire.

Thank you in anticipation of your cooperation with this and I look forward to receiving your response which will be used to plan future developments.

Yours sincerely,

Mr J Burridge
