6th February 2023

Dear Parent/Carer

At Lealands High School we use Seneca Learning to set Extending Learning for Geography, Science and History. We are really excited to promote the new parental platform.

Seneca is an adaptive learning platform, with a methodology entirely based on neuroscience, written by experts and academically proven to double students' outcomes.

Not only are they fun and effective, but they also adjust each assignment to each pupil, optimising their learning and providing teachers with detailed information about the class' progress.

The reason we are writing this letter is to let you know that Seneca also has a free parent platform!

With this free parent account, you can support your child's studies, monitor their learning and identify their weaknesses and strengths in each subject.

Parental engagement has a significant positive effect on learning outcomes. Thus, we highly encourage you to sign up.

Please see the following useful links to get started and get in touch if you need any assistance.
