**Year 11 'The Final Countdown'**

Dear Parent/Carer,

Yesterday year 11 students had an extended assembly to prepare them for the next few months in school.

All students are now fully aware that they have just 13 "normal" weeks and 2 weeks of Mock exams before their GCSEs begin.

It is absolutely essential that students spend their time wisely and continue with all of these good habits:

- Attend school and all lessons promptly
- Complete Extended Learning to the best of their ability
- Attend Intervention
- Stick to their revision plan
- Ask for help if they are stuck

All of the slides from the assembly are here for your information:- <https://www.lealands.luton.sch.uk/revision>

All students made a revision plan yesterday. You will help them by discussing it with them and supporting them to stick to it. The students who are most likely to stick with their revision plan are those who are accountable for their learning: encourage them to put it somewhere visible e.g. the fridge so that everyone in the household sees it multiple times per day. Praise them when they stick to their plan: Year 11 is a very challenging year and they will need support and encouragement from home and from school.

Ms Duge (Director of English), Ms Cole (Director of Science), and Ms Leigh (Director of Maths) all presented in the extended assembly. They gave concrete, tried-and-tested methods to succeed in their subjects. However, the most detailed possible feedback for your child in each of their subjects will be available at the online parents evening tomorrow, Wednesday 10th January. You can still make bookings by following this link: <https://lealands.schoolcloud.co.uk/>

If you have any queries or concerns, please contact us.

Yours sincerely,

Mr Mason  
Assistant Headteacher
