6th July 2021

Dear Parent/Carer,

Despite having no positive cases of Covid19 in school for quite some time, we have started to see a rise in these; particularly amongst our Year 7 students.

We continue to follow advice from Public Health and rigorously follow our risk assessment. Currently, we are being advised to restrict the number of students sent home to isolate to those who have been in very close contact with a positive case as defined by Public Health. Seating plans for classrooms are a crucial part of this process. If cases continue to rise, we may be in the unfortunate position of closing a year group bubble again.

We are aware of some students not adhering to the restrictions and rules outside of school or with their families. Whilst we realise that the country may be getting close to withdrawing these restrictions, they are currently still in place and should be followed in everyone's best interests.

Please can you ensure that your child knows to stay distanced from others when travelling to and from school and does not meet up with others more than is necessary. Students should travel directly to and from school and not meet up. Where possible, meeting with others should take place outdoors and the rule of six or two households followed. Twice weekly testing is also crucially important to help us contain the spread of the virus.

Please can I ask you to reinforce the current rules with your child as I know we would all wish to work together to avoid a delay in the lifting of restrictions or the imposition of another lockdown.

Yours sincerely,

Mr Burridge
