Tuesday 9th June 2020

Dear Parent/Guardian

Home learning support

We are mindful that home learning can be challenging for some of our students and families. We would like to offer you an opportunity to seek help and have questions answered to support your child in completing the tasks set by teachers.

We are hoping to run a 'live' video interaction with you in the coming weeks to address any concerns you have and answer questions relating to how best to support your child. Many families are experiencing difficult times, and attempting to engage your child in learning can add to those challenges that you have on a daily basis.

I have included a google form [here](#) and would appreciate you completing it by **Thursday 11th June**. On this form you will be able to let us know whether a 10.30am or an 8pm meeting would suit you best - the online meeting will be on **Tuesday 16th June**, and if you have questions/queries, please could you let me know in advance via the form and I can make sure we answer those as best we can during the meeting. There will be some helpful information and advice as well as opportunities for you to ask additional questions during the meeting.

The call will be via Google Meet and we will send you an invite via e mail. You can join via an internet connected device. There will be a link for you to 'click on' that will bring you straight through to the call at the allotted time. You may wish to join 10 minutes prior to the start time to ensure it is connecting, and to allow time for any updates from your device to allow this to happen. This meeting is to support you, as a parent, rather than for your child or students to attend. We have a process in place for contacting all students over the coming weeks.

The meeting will be led by myself and Mrs Oliver, our Wellbeing and Safeguarding Manager.

I look forward to receiving your questions and meeting you via video link.

Mrs Rust
