22nd March 2021

Dear Parent/Carer,

We have been informed of a positive Covid19 result on a Lateral Flow Home Test for a year 7 student. This test was completed on Sunday in line with our school guidance and the student has no symptoms.

Following advice from Public Health, the student and their close contacts will need to self isolate for 10 days or until a confirmatory PCR test returns a negative result. Close contacts have been identified, their parents contacted and they have been sent home to self isolate. In this instance, we have been able to limit the number of other students being asked to self-isolate as other measures are in place in school, including the wearing of face coverings in lessons, seating plans and regular Lateral Flow testing.

If your child develops any symptoms, please seek advice and ensure that they and your household self-isolate immediately. Please continue to use the home test kits provided as this can ensure we have a level of protection in order to keep as many students safely in school as possible.

If you have any queries regarding this, please do not hesitate to get in contact.

Yours sincerely,

Mr J Burridge
