

Dear Parent / Carers,

The Mathematics Department is pleased to offer KS3 students an opportunity to buy revision guides and other revision materials from Collins at very reasonable prices.

Resources are available at Standard and advanced level for £5 each.

If you would like to place an order, please complete the order form below. Our preferred method of payment is through Parent Pay which you can access via the School website. Forms need to be handed in to the School finance office by Thursday 29th of March and payment must be received by then. Books will then be available to collect Wednesday 18th of April after half term break.

Yours sincerely

Miss Panesar
