Assessment Week 9th – 13th November

Dear Parent/Carer,

In order to support students with the increasing demands of external examinations and to develop good study and learning habits, this year, assessment weeks will take place termly for students in Years 7-10. These are an opportunity for students to formally demonstrate what they have learnt and know as a result of the teaching they have received, as well as supporting them to 'fix' crucial knowledge needed for the next stage of learning.

The first assessment week of this academic year is the 9th – 13th November. During this week, students will be tested on the knowledge and skills they have acquired since September. They will complete an assessment in each subject and their teachers will give them details of what will be covered and in which lesson(s) during the week, the assessment for their subject will take place.

The grades achieved in these assessments will be the basis for grades reported to parents in January. These grades will also be used to check the progress that students are making towards their summit steps (targets). Year 7 will receive their summit steps (target grades) alongside their current achievement in January.

Further information about assessment can be found in the Assessment section of the school website.

Please encourage your child to ensure they know exactly what they will be tested on and to spend appropriate time learning and revising for these assessments.

Yours sincerely,

Mr J Burridge
