Headteacher: Mr J Burridge BA (Hons) PGCE, MA, NPQH

Technology contribution; Key Stage 3

In previous years, the Design and Technology department have always requested a voluntary contribution, this to assist in providing students with the necessary equipment, materials and further resources; therefore supporting them to practise and develop new techniques, producing products in both resistant materials and art textiles.

To support the experiences of our students we would therefore like to request a contribution of £10.00 for the year which will enable us to continue to provide high quality, challenging and exciting projects to all students.

Ingredients for Food and Preparation are essential and students must provide these for practical lessons, alongside a suitable container to take home the practical work they produce. As part of this area of learning, it is essential that we also have up to date information regarding food allergies that your child may have, but may not yet have provided the school. This information is vital to us as your son/daughter will be participating in practical lessons working with various ingredients; your co-operation and quick response regarding this matter would therefore be very much appreciated and can be written on the reply slip provided below.

For students to engage in their learning without having to spend time seeking items, the following equipment will be required; HB pencils, black and blue pens, a rubber, a pencil sharpener, a 30cm rule (this can be one that folds in half), a set of coloured pencils, and a suitable pencil case that will hold all the equipment stated.

All practical elements in technology are mandatory in the KS3 national curriculum.

We kindly ask you to complete and return the supply slip as soon possible to your child's technology teacher or another member of the department.

May we take this opportunity to thank you for your continued support, but should you have any further questions, please do not hesitate in contacting me or any other member of the Design and Technology team.

Yours sincerely

J Taylor

Mr Taylor
Director of Design and Technology

Key Stage 3 Technology Contribution 2018/19

Student's Name:.....Tutor group:.....

Amount paid: Date:

Method of payment: Cash/Cheque / Online* - Order No:
