INTRODUCTION

FROM HEADTEACHER, MR BURRIDGE

Dear Parent/Carer,

What a joy it has been to get back to so many of the things we have missed over the 19 months that the Pandemic had such a massive impact on schools. Seeing our students attending clubs and activities before and after schools is fantastic. The rehearsals for Matilda are bringing great joy and excitement to the whole school community. And some of the simple things we used to take for granted are coming back, like students being able to buy a good range of healthy and tasty food in school.

The academic year 2021-22 has started as well as we could have imagined. Students have got used to further changes really quickly and our new staggered day is working really well. The behaviour of our students continues to be excellent and they are really applying themselves to all of their lessons and extended learning at home. Our catch-up plans are in progress and there is more to come, but we are also ensuring our students catch up with social interaction, teamwork, communication skills and physical activity alongside any gaps in their academic learning.

It has also been great to see the development of all our student leadership programmes. The Charity Ambassadors did a fantastic job at the Year 7 Macmillan Coffee morning, enthusiastically serving and selling many cakes and raising a considerable sum of money.

Our 'Lealands Journey' of extra-curricular trips, visits and activities is now getting back into full swing and you can find details of this on the school website.

Students are working hard and learning well in their lessons. Year 11 will take their first set of mocks in less than 4 week's time! This will be followed by assessment weeks for all other year groups from the 15th November. Please ensure that your child knows what they are being assessed on and support them with learning and revision for this. Details can be found on the website or by contacting your child's teachers.

INTRODUCTION

FROM HEADTEACHER, MR BURRIDGE (CONT'D)

Thank you for your continued support; particularly those of you that took the trouble to contact us with messages of support, thanks and encouragement over the last two years – this was very much appreciated and really kept staff going in some very difficult times. We look forward to seeing you in school again soon.

John Burrige

Headteacher

DATES FOR YOUR DIARY

SAVE THE DATE:

Prospective Parents' Open Evening: Wednesday 29th September 2021 4pm-7pm
(By Pre-Booked Appointment Only) Visit:

www.lealands.luton.sch.uk/openevening2021 for details.

Year 7 and 8 Tapas Evening: Friday 1st October 4.30pm - 6.30pm (see page 19 for details)

Presentation Evening: Wednesday 13th October 6.30pm - 8.30pm

Year 7 Tutor Evening: Wednesday 20th October 4.00pm - 7.00pm

Staff Training Day - School Closed: Friday 26th November 2021

TERM DATES:

October Half-Term: Monday 25th October - Friday 29th October 2021

Autumn Term Ends: Friday 17th December 2021

Staff Training Days: Friday 26th November 2021

Spring Term Begins: Tuesday 4th January 2022

Full term dates for the academic year 2021-2022 are available on the school's website:
www.lealands.luton.sch.uk/termdates

VALUE OF THE MONTH

October 2021

"Citizenship"

*I want to make a difference in my
community and the world*

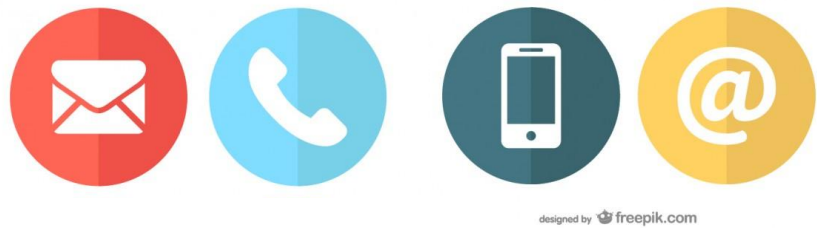

*"Service to others is the rent you pay
for your room on earth"*

Muhammed Ali.

PERSONAL CONTACT INFORMATION

Please ensure you inform us if you change any of your personal contact information, eg. home address, email, landline or mobile number. Please email the new details to admin@lealands.luton.sch.uk as soon as possible in order to ensure that you continue to receive all necessary information.

Many thanks

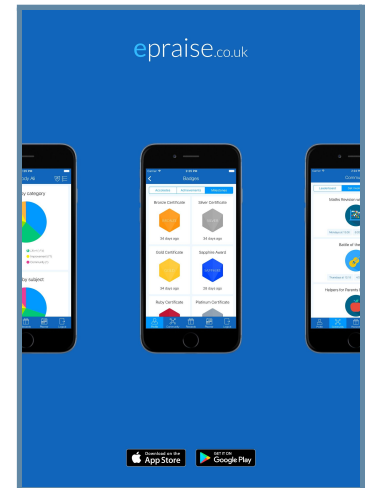

PARKING NEAR SCHOOL

Please can we remind parents and carers who drop off and collect students by car to be considerate of our local residents, especially those living in the vicinity of Pennine Avenue.

Please endeavour to drive and park considerately and with due regard for the safety of others and where possible please avoid the area completely. We understand that it can be difficult to find safe parking near the school, especially at peak times, however, there are parking areas around the shops in Sundon Park that can be used for dropping off and collecting if you need to come by car. Your support on this matter is much appreciated.

Epraise is an online platform for schools that enables parents to engage with their children's education. There are specific versions for both parents and students to access. You can access your child's attendance, timetable, STEP points, demerits, extended learning, milestones and achievements. Epraise can be accessed online through your internet browser at www.epraise.co.uk, or through an app on your mobile device. Visit your device's app store and search for Epraise.

Students earn 'Striving Towards Excellence Points' (STEPS) for showing an outstanding attitude to their learning. STEPs can be awarded during lessons to students who fully engage with the lesson and for completing work and extended learning to a good standard. If students are not engaging in their lessons or do not conduct themselves in the correct way, teachers will issue them with a demerit. The number of STEPs and demerits accrued by each student, with the reason for them, can be viewed by both parents and students on Epraise.

To reward students and motivate them towards excellence, students can 'cash in' their STEP points on various purchases from our Epraise shop. Purchases range in values; the more STEP points your child earns, the higher the value of item they can purchase.

Our Epraise shop is open, so take a look at what they could buy. We currently have Sony headphones, HP keyboards, calculators, wireless mouse devices, school ties, stationary items, plus much more...items sell out quickly so don't miss out!

If you have any questions about Epraise, or require help getting logged on, please call the school or email admin@lealands.luton.sch.uk.

WELCOME YEAR 7

LEALANDS WELCOMES THE CLASS OF 2026

Transition from Year 6 to Year 7

The Transition journey started in June for most of our students. Myself (Miss Cussen, Head of Year) and Mrs Ojulah (Pastoral Support Manager), visited many primary schools and delivered assemblies; introducing ourselves to our new Year 7s for September 2021 and explaining everything that Lealands has to offer. Other students experienced the assembly online through Google Meets or Zoom. Later in the month students and parents were invited to a virtual Transition Evening. This was held in a Google Classroom. It was a brilliant opportunity for some of the students and parents to meet some members of staff and learn more about Lealands and answer any questions they had. Furthermore, the students then had a Transition Day. This involved Mrs Ojulah and myself visiting our main 6 feeder schools. During these sessions we delivered a workshop on completing the students' Transition Passports; setting them up for life at Lealands High School. Other students had their Transition Passports posted to them; ready to complete for September.

First Induction Day

On Friday 3rd September, the journey began for our new orange tie students at Lealands. These students are the newest group of students; a group of students that the school had been looking forward to welcoming for a very long time. After much planning and preparation, the school was ready to welcome our new Year 7s. They were very lucky to

have the whole of the school to themselves for the first day. When they walked through the school gates for the first time at 8:30am as Lealands students, a wide range of emotions could be seen across their faces. Many of these students were beaming with excitement, a few had a lot of worries when they turned up.

The students lined up straight away in their new tutor groups ready to start their journey at Lealands High School. During the morning of Friday 3rd September,

WELCOME YEAR 7

LEALANDS WELCOMES THE CLASS OF 2026 (Cont'd)

the students met their new named tutor and other students from their tutor groups. During this time, they learnt more about their named tutor and the expectations of being at secondary school.

After some exciting ice breaker activities, students were dismissed and had their break time. The students were able to buy food and drink and socialise with their peers. It was so lovely seeing the year group all together for the first time

and getting to know each other face to face. After break time, the students attended an assembly led by myself. This assembly really focussed on the Lealands school values of Excellence, Responsibility & Respect and how we can implement these values in our day to day school life. Students were reminded to take advantage of all opportunities that are given to them whilst at Lealands. This is such an exciting time for our new orange tie students and we are here to support them in every way possible.

After the students went back to their classes some students had the opportunity to receive their Chromebooks. The Orange Ties are the first year group ever at Lealands to have Chromebooks; this is a really exciting scheme the school have bought into. Students learnt to log on and to sign in to their new Google accounts.

WELCOME YEAR 7

LEALANDS WELCOMES THE CLASS OF 2026 (Cont'd)

This entails logging into their Google Classroom classes and completing a few Google challenges that were set. The aim of the chromebook is that students will use them as a tool for learning in their lessons to enhance their education. The students were fantastic and many students are now fully able to use their chromebooks. We are in the process of ensuring all students have access to a chromebook and that they are in full working order. So thank you for your support on this.

After lunchtime, the students finally had the opportunity to do a full tour of Lealands without any restrictions. Some of the students had completed a virtual tour on the website beforehand, but they were so excited to experience the building in real life. Our brilliant student leaders were able to lead the tours, it was so exciting for the Year 7s to experience

school life from a student's perspective. After the tour the students filled out a quiz about the school building.

After two full weeks at Lealands High School already, the Year 7s have settled in brilliantly.

I have had many compliments on the well behaved Orange Ties. They conduct themselves in such a positive manner around the school building and they line up at the start of the school day, break and lunch quietly and in single straight lines. They are polite, excited and ready to learn. I am so excited for their future at Lealands. Keep up the good work Orange Ties!

Miss Cussen, Head Of Year 7

YEAR 7 TESTIMONIALS

My Journey at Lealands so far!

“So far at Lealands I have experienced so much about the curriculum, the people who are there to help me and the school surroundings.

It all started with having a meeting with my Pastoral Support Leader, Mrs Ojelah and my Head of Year, Miss Cussen. There I was given a transition booklet which informed myself about key information and opportunities here at Lealands.

I then attended the Summer School at school during the summer holidays. I learned about the school, met new people, went into the swimming pool every day, learnt circus skills and completed team building activities with my year group. I also did lessons in English and Maths, it was a lot of fun.

My first week at Lealands was really exciting and nerve wrecking too... I was given my timetable with all my activities and lessons I will be attending, a tour of the school and a very exciting and interesting assembly to meet and greet my form tutor.

*So far I feel really happy that I am in Lealands and am able to have so many opportunities available to me. Thank you Lealands for making my journey to climb the mountain and striving for success an enjoyable one so far”. **By Zoe 72KA***

My Time At Lealands!

“Hey, my name is Ethan and I am a student at Lealands High School. So far, I have enjoyed my time here and hopefully I can strive for success and the best I can be. I have just started, so everything is new to me. I am learning my way around the school and being really well behaved in my lessons. Summer School is when I got to meet everyone and make so many new friends and the lessons were great. Swimming was my favorite, because I got to learn so many new skills and techniques and I got to mess around with my friends. So far my favourite subject is technology, because we are going to make some shortbread. I love life at Lealands and I can't wait for my journey to continue”.

By Ethan 71CZ

The cohort of 2021 did not have the opportunity to sit their exams due to the Coronavirus pandemic. Instead, students' teachers submitted TAGs (Teacher Assessed Grades) based on students' work, including their mock exams and assessments in May and June. Our students were incredibly positive, rising to the challenge of the additional assessments.

We knew that the 2021 cohort would be strong, and we are pleased that the final GCSE grades reflect their ability and work ethic.

- 75% of students achieved grades 9-4 in one of their GCSE English qualifications.
- 55% of students achieved grades 9-5 in one of their GCSE English qualifications.
- 71% of students achieved grades 9-4 in GCSE mathematics.
- 47% of students achieved grades 9-5 in GCSE mathematics.
- 63% of students achieved grades 9-4 in both GCSE English and mathematics.
- 39% of students achieved grades 9-5 in both GCSE English and mathematics.
- 74% of students achieved grades 9-5 in GCSE Spanish.
- 96% of students achieved grades at or above Level 2 Pass (equivalent to GCSE grade 4) in Health and Social Care.
- Overall, 243 grade 9-7s were achieved by this year's students.

Special congratulations go to:

- Pranay who achieved 8 grades 9s, including English, mathematics, biology, chemistry and physics and a Level 2 Distinction* (the top possible grade in the course)
- Tennyson who achieved 7 grades 9s, a grade 8 and a Level 2 Distinction.
- Nana who achieved five grade 9s and two grade 8s and two Level 2 Distinctions*
- Hannah who achieved 5 grade 9s, 3 grade 8s and a Level 2 Distinction*
- Ismat, Denisa, Israa and Hakim who all made exceptional progress.

Mr Burridge, Headteacher, said, "I have been thoroughly impressed by our students, their amazing positive attitudes and sheer hard work during the past two difficult academic years. We are pleased that this has paid off with excellent results and many outstanding outcomes. Our students should be very proud of their achievements which are as a result of rigorous and thorough assessment. I am extremely grateful to our staff who worked tirelessly to give students every opportunity to succeed and adjusted to the many demands placed on them. We are exceptionally proud of the class of 2021 and wish them every success in the future."

CAKE SALE FOR MACMILLAN CANCER SUPPORT

YEAR 7 CHARITY AMBASSADORS

Our amazing Year 7 Charity Ambassadors did a fantastic job organising and hosting a Macmillan Cake Sale during break time on Friday 24th September. They showed great leadership skills and confidence, even when serving our older year groups! We would like to thank everyone who contributed to this fantastic cause either by baking, donating or buying cakes. They were really excited to have raised £177. Well done to all involved!

Congratulations to those students who have already gained a Golden Ticket for outstanding effort in their science lessons. Please keep up the good work everyone for your chance to be entered into the end of term prize draw.

Well done to those students who have successfully completed their extended learning for science so far, you are off to a great start.

A reminder that all year groups should have logged into Seneca and joined their new science classes in order to access their assignments.

Year 9, 10 and 11 students should also have logged into GCSEpod ready to access their upcoming assignments.

Further information for parents on both of these learning platforms will be released shortly so that you can check what tasks are due and those that have already been done by your child(ren).

Welcome to the new academic year here at Lealands High School. To those of you who don't know me, my name is Mrs Leigh and I am the Numeracy Coordinator here at Lealands.

We all know the importance of numeracy and it is our aim to make sure all our children leave school numerate. Due to this goal, we started a big drive last year on improving the standards of numeracy at all levels of the school and this year with all the Covid restrictions being lifted, we are planning to make it bigger and better.

With the aim to improve numeracy standards this term, we have already introduced Numeracy Ninja in maths lessons for Key Stage 3; started weekly numeracy challenges during Tutor Time and also started a weekly games club for Key Stage 3. On top of this, we will also be introducing Times Table Rockstars during Year 7 Tutor Time and from October, we will be starting our numeracy monthly competitions, where students can win prizes for their efforts in numeracy. As you can see, there are lots of opportunities available here for your children to take part in and improve their numeracy, so, please encourage them to take part in as many things as possible.

As parents, you can also encourage your children to improve numeracy at home. All you have to do is show them, or let them help with everyday situations which involve maths, for example; cooking, shopping, or even planning a trip. All these everyday actions have basic numeracy in them and can assist them to improve their basic number skills. Throughout this academic year, I will be working on making numeracy accessible to parents so that you can help at home while we are helping them at school.

In the meantime, if you need more help or advice on how to improve your child's numeracy at home, please send me an email on numeracy@lealands.luton.sch.uk so we can work together to improve the standards of numeracy for all our children.

LEARNING RESOURCE CENTRE

With restrictions easing, I'm happy to see students being able to browse for books in the LRC the old fashioned way!

In their Accelerated Reader lessons, the Year 7s and 8s have all completed a STAR test now, which means they are able to choose a suitable book for their reading lesson. Students were also given a reading log which they must bring in every week for their

Accelerated Reader lessons. It is their extended learning task to read one hour a week (we recommend breaking this up so they read daily), in order for their reading age to improve. Please motivate your child to read every day and also take an interest in the book they have chosen, listen to them read and sign their reading log weekly as evidence they have read at home for one hour. Doing this will help create a reading atmosphere at home, and encourage reading to become a habit.

In addition, the STAR test also tells us their reading age which will be written in their reading logs; please make a note of this so you are aware. Students will be STAR tested every term so we hope to see an increase in their reading age.

Thank you for your support with this programme. The success of Accelerated Reader is largely contributed to by the support and encouragement from our student's parents/guardians, so thank you in advance. Now that we are starting a new term of Accelerated Reader, the next update will be congratulating students who have reached their target!

If you have any questions, please do not hesitate to contact me.

Ms Rezaei
(Learning Resource Coordinator)

Just like last year, we'll be awarding STEPs for everyone in Years 7-11 engaging well this year:

!Attention All Languages Students!

Don't just learn it...

ACTIVE LEARN it!

Students regularly logging on make excellent progress in French & Spanish!

Active Learn

You can too! See the MFL team for your log in details

www.pearsonactivelearn.com/app/Home

- 1 STEP for every 2% completed.
- An extra 5 STEPs every time you get to 25% (bronze), 50% (silver), 75% (gold) and 100% (platinum) of all the tasks completed as well as badges on Epraise for doing so. Last year we managed to give out 502 badges in total so let's see if we can get even more this year! Login letters will be issued in class and can also be found on our Google Classrooms.

Accessing ActiveLearn For Students:

- Enter www.pearsonactivelearn.com into any web browser.
- Enter the username and password from the letter you have received or from the logins document attached.
- After logging in for the first time, you will be asked to accept the terms and conditions.
- You will then need to set some memorable questions, in case you forget your password.
- Click on 'Tasks' at the top to see the work your teacher has set up for you.
- To complete the activities, click on 'Start' at the side to begin.

Feel free to ask your language teacher if you have any questions or doubts about how to use ActiveLearn.

Remember, the more you put into this, the more you will get out of it – many students have used it to gain excellent progress in the past. Have fun!

ACTIVE LEARN

The Languages Department would like to say a huge 'Well done' to all students doing some work during the summer but particularly to the following students in Year 10 and 11 who have been completing at least 5% more of the ActiveLearn tasks over the Summer holidays.

Super Effort with ActiveLearn during Summer

Cost: £5 via SCOPAY

Date: Friday 1st October 2021 * Time: 4.15pm - 6pm * Venue: Main Hall

Permission slips by 24/09/21

Artsmark
AWARDED BY ARTS COUNCIL ENGLAND

An important part of our Artsmark journey is to ensure our creative curriculum is as broad and balanced as it can be. We are providing students the opportunity to work with a wider range of creative processes including: ceramics, textiles and printmaking. Last term we focused on traditional lino printing.

Above: Safe cutting with a bench hook and lino tools
Right: our traditional printing press

Students researched the contemporary British artist Angie Lewin and created their own design for a lino print based on her techniques and their own observational still life drawing and photos.

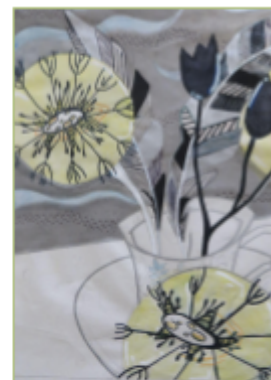

'Moonlit' by Angie Lewin

'Bird Cup' by Angie Lewin

Student still life set up in the style of Lewin

Left: Lewin inspired painting from still life set up.
Completed during Yr11 assessment by Jasmine Davidson.

Lewin inspired lino prints
From left:
Soraya Edwards, Jasmine Davidson, Andreea Bogovit, Kamali Gad.

Well done to our amazingly creative 2021 GCSE students who demonstrated resilience and success throughout a challenging year!

PERFORMING ARTS

THE DUKE
OF EDINBURGH'S
AWARD

The Duke of Edinburgh Award is once again beginning to take off for the students at Lealands High School. We have a number of Year 10s who are beginning to finish their volunteering, physical and skill sections which they began back in Year 9, for their Bronze Award. We are very hopeful that they will also be able to complete their expedition section to ensure that they can receive their full Bronze Award and subsequently progress to their Silver Award.

We are very excited that this academic year will see the start of a new Bronze cohort, so for Year 9 students who are interested, please keep your eyes and ears open for information that will be coming out soon about how you can get involved with the Duke of Edinburgh Bronze Award.

We have several Year 11 students who are close to completing their Silver Award and we are desperately trying to arrange their expeditions in order that they can complete the award here at Lealands!

It has been a very long road but it will all be worthwhile at the journey's end!

WHAT IS AN APPRENTICESHIP?

8 key facts you need to know

- 1 An apprenticeship is a real job**
Available to individuals aged 16+ (with no upper age limit), apprentices are typically employed for at least 30 hours per week.
- 2 Apprentices are paid a salary**
All apprentices will earn a salary of at least the National Minimum Wage for apprentices which is currently £4.30* per hour. Many employers pay more!
- 3 Apprenticeships last a minimum of 12 months**
Most apprenticeships take between 1 - 4 years to complete. It will depend on the level and delivery model of the apprenticeship.
- 4 Apprenticeships range from level 2 to level 7**
There are apprenticeships at levels equivalent to GCSEs right up to Master's level and you can now achieve a degree through an apprenticeship.
- 5 Apprentices do not pay for their training**
All apprenticeship costs are paid for by the employer and/or the government meaning that an apprentice will never have to pay for their training.
- 6 Apprentices will receive 20% off-the-job learning**
20% of an apprentice's paid time will be spent undertaking off-the-job learning, gaining valuable skills and qualifications.
- 7 Apprentices will spend 80% of their time on-the-job**
80% of an apprentice's paid time will be spent on-the-job, working with colleagues to learn new skills and gain experience of the workplace.
- 8 There are thousands of apprenticeships in more than 170 industries**
New apprenticeships are advertised each week covering a wide range of job roles. You will be amazed at the variety and breadth available!

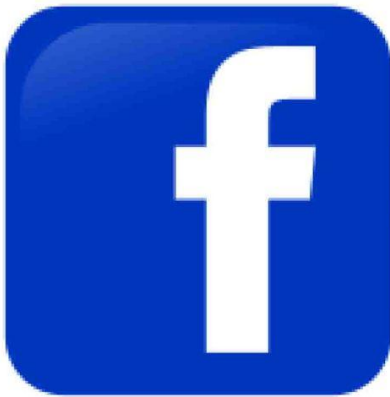

*The National Minimum Wage for apprentices is reviewed each April.

Discover more about apprenticeships:
