

## **Extended Learning Parental guidance KS3**

### **Maths: Sparx Maths**

Your child will receive their extended learning via an online platform called Sparx maths. Each student has their own log on and you will be able to check your child's progress each week by using their log on. You will also receive a weekly email to inform you of your child's progress and their completion rate. For further information and support videos please visit the following link.

### **Reading: Accelerated Reader**

As part of the schools literacy strategy your child will be expected to read a book at the correct target level. These books are carefully chosen by the schools Learning Resource Centre manager for each student. After reading the book the students will be quizzed on the book through the accelerated reader programme in one of lessons. For further information please visit the following link.

### **History, Geography and Science: Seneca Learning**

Your child will receive their extended learning via an online platform called Seneca. Each student has their own log on and you will be able to check your child's progress each week by using their log on. For further information, how to sign up as a parent, and lots of support videos please visit the following link.

### **French or Spanish: ActiveLearn**

Your child will receive their extended learning via an online platform called ActiveLearn. Each student has their own log on and you will be able to check your child's progress each week by using their log on. Your child will also be expected to complete their weekly vocabulary practice using the resources provided to them by the Languages department.

**English: Lit2Go & Google Classroom**

Your child will receive their extended learning via a website called Lit2Go which is a collection of stories and poems in Mp3 (audiobook) format. They will then complete a short quiz via their associated google classroom and google form. Your child will be able to show you their results via their google form submission data. To visit the Lit2Go website please visit the following link.
