Wii - Privacy Guide

Parental Controls allow you to block specific features using a four digit PIN. Other features are automatically blocked once Parental Controls are enabled.

What can be blocked

- Access to Wii Software: Restrict Wii, Virtual Console, and WiiWare games and related content based on age ratings. It does NOT control access to Nintendo GameCube games.
- Viewing of certain content which is not subject to game rating: Allow or restrict use of the Internet Channel, News Channel, Netflix, and other non-gaming content.
- Exchange of user-generated content: Block the console from exchanging messages, gifts and user-generated content with other consoles.
- Use of Points: Restrict the use of Wii Points to send gifts or downloads from the Wii Shop Channel. This does not block the purchase of Wii Points.

Features blocked automatically

- Restrict access to Internet Settings in 'System Settings.'
- WiiConnect24 settings restricted in 'System Settings' – this means the network features it provides are no longer active.
- Changing the Country Setting
- Performing a Wii System Update
- Restricted ability to Format System Memory

Wii U

On the Wii U you can set the console so a password is required to either play games with a specific age group rating, go on the Internet, or post on the Wii U Miiverse.

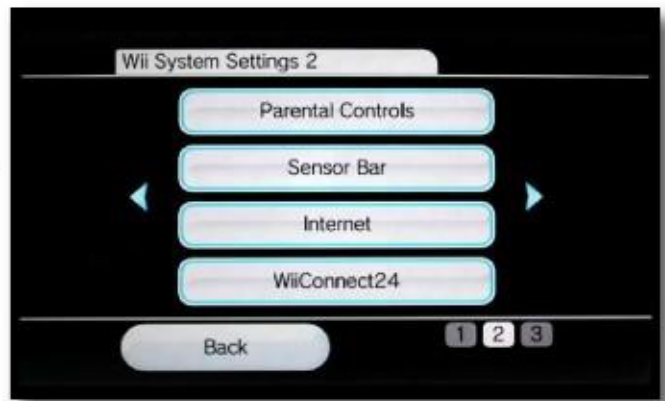

You can choose to block the following Wii U features

- Game Rating: Choose the age limit of software to restrict all use and purchasing through the Nintendo eShop
- Online Interaction in Games: Restrict the use of online features such as game play, conversation and Miiverse posts.
- Internet Browser
- Wii U Shopping Services
- Miiverse: Restrict users from viewing or posting content.
- Friend Registration
- Video content viewing and playback
- Data Management: Restrict the deletion or moving of software or save data using Data Management.
- Internet Settings

What to do:

1. On the Wii U Menu, select 'Parental Controls.'
2. Read the information – press 'Next' or the A Button to continue.
3. Create a four-digit PIN, and then tap 'OK.'
4. Enter the PIN again to confirm, and then 'OK.'
5. Select a secret question from the list or create your own question.

Know the Signs

Child sexual exploitation can take place over the internet, and can lead to other 'off line' types of CSE.

Even something that seems like normal teenage behaviour could be a sign that a child is being exploited.

These can include:

- Increasing or secretive mobile phone use
- Excessive amount of time online & being secretive about time online
- A significantly older 'boyfriend' or 'friend' or lots of new friends
- Change in behaviour - becoming aggressive & disruptive or quiet & withdrawn
- Unexplained gifts or new possessions such as clothes, jewellery, mobile phones or money that can't be accounted for
- Regularly missing from home or school and staying out all night

If you have concerns about a child you know report it to Bedfordshire Police by calling 101. Always call 999 in an emergency.

Deaf, hard of hearing or speech impaired people can use textphone 18001 101.

You can call Crimestoppers anonymously on 0800 555 111.

Content Restriction

This setting means a Master Account holder can:

- Prevent a Sub Account from buying game content through the PlayStation Network that is rated higher than his/her age.
- Prevent a Sub Account from playing PlayStation®3 format software content on the PlayStation Network that is rated higher than their age.

The default value is set to "On" meaning content is restricted based on user age

Spending Limit (Monthly)

The Master Account holder can set a monthly limit spending limit for a Sub Account to spend per month if the Master Account's wallet has sufficient funds.

The default value is set to "\$0.00" meaning the Sub Account cannot purchase any items.
