

Lealands High School uniform requirements

This document gives parents some guidelines to the requirements of the school uniform at Lealands High School.

School Shoes

Following a number of queries from parents and pupils as to what type of footwear is acceptable at Lealands High School we have uploaded photographs to give some guidance. The general principle is that shoes should be plain leather without flashes or stripes. Trainers or plimsolls are not permitted.

It should also be noted that socks should be plain black or grey.

We are aware that it can be very difficult at the start of the school term to replace school shoes at short notice. However, I ask all parents to ensure that their children are in appropriate footwear as soon as is possible and by January 4th at the latest.

Many thanks for your continued support.
